

**XIVth Annual Meeting
Chilean Society of Physiological Sciences
in association with
The Physiological Society (UK)**

November 1999

**Conferences
Symposia
Workshops
Communications**

Possible topics for symposia:

Ion channels
Molecular and cellular physiology
Muscle contraction
Endocrinology
Hypoxia and respiratory physiology
Microvascular and endothelial physiology
Development and plasticity
Neurobiology and neurophysiology
Human integrative physiology

Further information may be requested to the President or the Secretary, Chilean Society of Physiological Sciences, at the following addresses:

Dr Mauricio Boric
Unit of Regulatory Physiology
Faculty of Biological Sciences
Catholic University of Chile
P O Box 114-D
Santiago 1, Chile
Fax: (56-2) 222-5515
E-mail: mboric@genes.bio.puc.cl

Dr Rodrigo Iturriaga
Laboratory of Neurobiology
Faculty of Biological Sciences
Catholic University of Chile
P O Box 114-D
Santiago 1, Chile
Fax: (56-2) 222-5515
E-mail: riturria@genes.bio.puc.cl
